

Alpha Kappa Alpha
SORORITY, INCORPORATED®

TARGET - 5 INTERNATIONAL PEN PAL PROGRAM

The International Pen Pal Program is created for sorors and chapters around the globe to connect in love and support for each other.

Adopt a chapter in the International Region or USA as an individual or chapter and communicate with each other and strengthen the bonds of sisterhood. The manner in which you connect is entirely up to you. Your activity can be documented and reported in Target 5 – Global Impact.

Our sorors are far away from continental USA and will welcome the connection and camaraderie. Who knows, maybe, one day you will visit the adopted international chapter and experience first hand what it is like to live and perform service with excellence in that particular country.
