

Celebrating Abilities. Supporting Inclusion. Promoting Respect.

# Saturday, August 10<sup>th</sup>

3:30 pm - 8 pm @ Eastwood Field

Fairhaven Foundation is proud to present the 3rd Annual Ability Walk & Roll in collaboration with Columbiana, Mahoning, Portage, and Trumbull County Boards of Developmental Disabilities.

**We're looking for area businesses to join us in sharing information about services, resources, and support for individuals with developmental disabilities in our Community Resource Expo.**

Join us for the 3rd Annual Ability Walk & Roll on Saturday, August 10, 2024. This heart-warming experience truly exemplifies our communities are better when people with developmental disabilities are included and supported. Our achievement of multi-county collaboration is a testament to the importance and desire of communities to come together for a unified mission of celebrating abilities, supporting inclusion, and promoting respect for people with developmental disabilities.

The Ability Walk & Roll is open to everyone! The evening will include a concert featuring the musical talents of Zayne Harshaw along with The Labra Brothers, and a special walk & roll around Eastwood Field in celebration of those we support and love. Other activities include games, face painting, balloon art, our Community Resource Expo, complimentary refreshments, and a movie under the stars. Families are welcome to bring a blanket to experience the movie on Eastwood Field or relax in stadium seating.

Fairhaven Foundation is working hard to bring new opportunities and experiences to the individuals and families we serve. Our mission is to enhance the quality of life of individuals with developmental disabilities. We achieve this through creating meaningful opportunities, providing resources, and promoting community awareness to enrich the lives of those we serve. **We invite you to join us in becoming a Community Resource Expo partner for this special event.** With your support, we will continue to build a legacy of giving that will benefit individuals with developmental disabilities for years to come.

Sincerely,
