nature's  
notebook  
*A project of the USA-NPN*

“Nature’s Notebook is a national, online program where amateur and professional naturalists regularly record observations of plants and animals to generate long-term data sets used for scientific discovery and decision making.”

**Jean Lafitte National Historical Park and Preserve  
Barataria Preserve Education Center  
6588 Barataria Blvd, Marrero  
From 1:00pm - 3:00pm**

Phenology is the study of seasonal changes in the natural environment. Join us for, a free, hands-on training on how to identify and record the phenophases (seasonal changes) of several plant species included on the Barataria Preserve portion of the Gulf Coast Phenology Trail. You will learn how to enter the data on the national website or downloadable app and contribute to current scientific research.

**SCHEDULE YOUR TRAINING NOW BY CONTACTING
