vaccine records

17. Important information *

Please explain the problem/situation that the client needs assistance with, including if the volunteer is expected to stay with the client or just drop them off

This is for the Pediatric Mobile Clinic. The family will receive a text the day before with the time, but it will likely be around 10 am. I will update the time when I know. The family needs to be transported to the clinic, we walk up to the bus to let them know the client is there, and then commonly we wait there with the client in the car until it's their turn to receive the vaccines.
