

## Woodlot Planting Event

### THE UNIVERSITY OF NEW ORLEANS

Help us continue our efforts to provide expanded habitat for migrating birds at UNO! We will plant bird-friendly native trees and shrubs in the Fine Arts Woodlot.

**SATURDAY, January 29, 2022**

**10:00 AM – 3:00 PM**

Please bring water, snacks, gloves, pointy tipped shovel (if you can), and wear long pants, close-toed shoes, and socks. If it rains on January 29, we will reschedule for February 12.

**Directions:** From Leon C. Simon, enter campus and proceed to the corner of Founders Road and Levee Road. Parking will be available in the gravel lots surrounding the woodlot.

To request disability-related accommodations or for more information, please contact Liz Sigler at [birding@uno.edu](mailto:birding@uno.edu).

**NATIVE PLANT INITIATIVE**  
OF GREATER NEW ORLEANS
