

Hooray for Field Day!!!!

Please start at your beginning station as indicated on your sheet with rules and station assignments. After 15 minutes, we will rotate to the next station (count upwards to 11 and then start back at 1). Each grade will get a turn at each station.

Depending on how many students are in your class, they will be playing games either as a whole class or in 3, 4, or 5 teams - whichever divides best for your class.

Volunteers will be leading each station except for Playground Supervision - if you need a break, please see a non-homeroom teacher who will be floating around. Otherwise, your break will be when your class reaches the snack station! A first aid kit will be at the snack station if needed.

8:00-8:30 - Students in classrooms getting ready for the activities.

8:30-11:15 - FIELD DAY!!!

(I will use the megaphone to indicate station switching.)

11:15-12:45pm - Clean up and Change clothes if desired for lunch, get lunch and ice cream, and time for any final in class activities.
